

To Order Chicks: Call or WhatsApp: +256709852604 or +256761355211, Email: orders@farmupgroup.com, Our Website: www.farmupgroup.com, For CONSULTATION: daniel@farmupgroup.com.

The standard minimum spacing between your chicken houses should be at least 30m to reduce the spread of diseases.

You need to make sure you do your market research and identify your customers before starting out your poultry.

Always work with the best and reliable suppliers for your feeds and the birds, you need to weight and balance the cost and quality. Always put feed and bird quality ahead of the price concern. You need to have 8 birds/m² housing spacing.
